## Spellers To Take Part In Co. Contest

C.

At the Pahokee School, Jill McIlwain, sixth grade pupil, was judged best speller when she correctly spelled "itemize" which was missed by the runner-up, Sammie Lanham, fifth grade pupil. Other outstanding spellers taking part in the contest were Hilda Graydon and Jeff Barwick, fourth grade; Shirley Levins, fifth grade; Geraldine Upthegrove, sixth grade; Glen Levins and Ann Rita Burns, seventh grade; Wayne Hill and Barbara Otto, eighth grade. Miss Elizabeth Caraway, Mrs. Tommie Lee DuBose and Mrs. Charlotte Waleston were on the judging committee while Mrs. Herbert Miller, school secretary, pronounced the words.

Ronnie Hitchcock, eighth grade pupil, won first place in the contest at the Canal Point School, when he spelled "abominable", the word that stumped the runner-up, Dale Stacy, seventh grade pupil. Mrs. Billie Huddle pronounced the words and Carl Crawford acted as judge.

The first place winner and the runner-up at both schools will participate in the County contest.

## Would Make Judge Of Criminal Court A Full Time Job

A proposed legislative act to make the office of county criminal court judge a full time position instead of its present part-time basis, was given approval of the county commission this week. The board voted unanimously on the proposed change. The law is being considered by the present judge, E. G. Newell who will seek the change.

The commission pointed out that the post has been a full time job for the past several years requiring the constant attention of a judge instead of a part time office. In the past the so-called part time judge has been able to devote a part of his time to private practice.

Other proposed legislation given a stamp of approval by the commission this week included an amendment to the present plat law which provides for a minimum of 18 foot paved roads and posting a surety bonds by the developer to guarantee construction of the roads six months after the plat is approved.

The board approved a proposed law to close the county court house on Saturday's except in cases of emergency which should be designated by the public official in charge of the various offices. The closing law would limit general holidays to six a year and take away the more than 20 that are now being observed by county employees.

Also approved was a proposed amendment to the county's group insurance law to include participation by the county commission, Registrar DeWitt Upthegrove and Solicitor T. Harold Williams.

Amend of the general laws defining county's pails to include county stockade was approved as was a proposed amendment to a state law giving the county commission authority to set up rules and regulations for operations of county parks and beaches.

## Pahokee High Band Is Rated Superior

Bandmaster Robert O. Lampi's 48-piece Pahokee High School Band came through the annual district band contests with flying colors, earning a first place or superior rating in all three phases of the contest, concert playing, sight reading and marching.

The contest was held at the high school Tuesday, morning with O. J. Kraushaar of Lake Wales, V. D. Sturgis of Sarasota and E. L. Roberts of St. Petersburg acting as judges.

Upon receiving the top rating in the district contest, the Pahokee Band automatically becomes eligible to participate in the annual State Band Contest to be held this year in West Palm Beach April 30-May 1 & 2.

In the judging of the student conductors, Lynn Shirley was awarded a superior rating while Judy Starling and Lewis Collins each received a second place or excellent rating.

This is the thirteenth year Bandmaster Lampi has led the Pahokee High School Band to high honors in district and state contests. Each year he loses a high percentage of his top musicians through graduation and has to fill the gap with greenhorn "tooters", but long before the contest season arrives the greenhorns, under the maestro's guidance, have magically become creditable musicians and Lampi has again developed a band to which the Pahokee and Canal Point communities consistently point with pride.

## More Street Lites For City Pahokee

The Pahokee City Council at a meeting Monday night voted to install additional street lights on Barfield Highway and West Main Street and made plans to clean drainage ditches between the Verville subdivision and Barfield Highway, Mayor Lewis Friend to be in charge of this project.

Waterworks Superintendent was instructed to send the specifications and plans for the new tank for the city waterworks plant to the State Board of Health for approval. City Clerk Dorothy Graham was instructed to advertise for bids for a city auditing service.

Public warning was given to owners of vacant lots that the law requiring these lots be kept cleaned up will be enforced, starting immediately.

An ordinance was passed requiring safety valves on all hot water heaters installed in homes within the city limits, heaters installed before the ordinance was passed not being affected.

## \$1200 Is Red Cross Quota For Pahokee

A total of \$1,025 has been collected in the American Red Cross drive in Pahokee, with still some reports to come in, according to Rev. W. Hal Hunter, local chairman. Pahokee's quota for this year is \$1,200.

## Bumper Strips Boost Safety

An automobile bumper strip developed by the Florida Power & Light company in cooperation with the Florida Citizens Safety Council is making "Do Unto Others" a statewide slogan.

Designed to encourage safe driving and reduce the number of traffic accidents, the cards—four by 18 inches—are made to stand out conspicuously and still remain pleasing to the eye. The full slogan reads "In Traffic as Always, Do Unto Others."

The power company already has distributed more than 6,000 of the strips and demand has been so great that a new order for 8,000 has been sent to the printer. In Miami and Coral Gables, the strips have been placed on all city cars and are being distributed by the police department through their automobile inspection stations.

Local managers have offered the strips to civic organizations and have filled many requests from them.

Commenting on the strip, Executive Director Nat H. Rambo of the Florida Citizens Safety Council called it "a real contribution to the cause of safety."

"It makes people stop and think and, after all, that's nine-tenths of the traffic safety battle," Rambo said.—Florida Voice of Safety.

## Many Drivers Are Involved In Accidents

More than 100,000 motorists were involved in accidents on Florida's highways in 1952, and 54,207 of them were violating the law at the time, the Department of Public Safety's annual report showed this week.

Failing to grant the right of way was the most frequent violation reported in connection with accidents. This violation was reported in 11,715 accident cases. But excessive speed was the big killer—it was recorded as a factor in 265 fatal accidents compared to 51 cases where failure to grant the right of way was an element.

Among the 54,207 traffic law violators who were involved in accidents, 4,089 were listed as under the influence of alcohol. Sixty-six intoxicated drivers were involved in fatal accidents.

Once again, the detailed statistics compiled by the Department dispelled the belief that tourists are responsible for a major portion of Florida's traffic woes. Of the \$101,357 drivers involved in accidents, only 7,641 were listed as non-residents of the state. And 84,145 of the motorists were involved in accidents within 25 miles of their homes.

On a mileage death rate (deaths for each 100,000,000 miles of vehicle travel) basis, Charlotte, Clay, Franklin, Nassau, Osceola, Taylor, Union and Walton were the state's most dangerous counties. Each had a mileage death rate of 18 or more. DeSoto, Hamilton and Suwannee counties had no deaths.

Dade, the state's most populous county, led in fatalities with 109 but its mileage death rate of 4.8 was below the state average of 7.3.—Florida Voice of Safety.

The "Almond Paste" House is the name of one of the striking buildings in Puebla, Mexico. The house is described by American Airlines as being built with rosy walls and wrought iron balconies. It dates from the 17th century and was once a guest house for Spanish visitors.

## "Biff" Falls for His Own Story

Biff Morgan's four-year-old daughter Rusty is something of a night owl. Stays awake way past bedtime.

Every night, Mrs. Morgan complained about how hard it was to get Rusty to go to sleep. Finally Biff decided to handle the situation. "Anyone can get a kid to sleep — takes a little patience! Here, hand me her storybook."

He grabs the book and goes into Rusty's room. About an hour later Rusty comes padding out in pajamas and hands her mother the book. "Read it quietly," she

whispers, "so we don't wake Daddy."

From where I sit, Biff won't be so quick to be a "child-care specialist" the next time. If we could just resist being such "know it alls," our neighbors would be better off. Take those who would deny me a glass of beer with my supper — well, I might not care for the buttermilk they like. We all ought to realize that we all have different abilities and different preferences, too.

For according to this law the bonds you expected to mature finally in 1952 can now continue to earn interest every year for ten more years—till 1962—without your even lifting a finger!

To get this extra money, there's absolutely nothing you have to do. Just hold your bonds and let them go on earning!

If you wish, you may still cash any Series E Bond at any time after you've owned it for sixty days. But you'll be better off to hold your bonds, just as you're better off to hold savings in any form.

First of all, as long as you don't cash your bonds, you don't have to pay income tax on the interest they earn. In the second place, cash in the pocket melts away fast—often with little or nothing to show for it. But cash in bond savings is always there—growing steadily toward the big sum which can buy something really worthwhile. . . . And remember—the interest rate on Series E Bonds has been increased to 3% compounded semi-annually, when held to maturity.

So if you have bonds coming due, why not take advantage of your extra-income opportunity? Just sit back and let them go on mak-

ing more money for you. And meanwhile keep adding to your cash savings by buying more U. S. Defense Bonds regularly—through the Payroll Savings Plan where you work. It's the easy, systematic saving plan that's so helpful because it lets you save *before* you even draw your pay. Thousands on the Plan say it's the one sure way to save.

## 3 NEW MONEY-MAKING OPPORTUNITIES FOR YOU!

*New Series H, J, and K  
Defense Bonds pay 2.76% to 3%!*

If you want to get the interest on your bonds in the form of current income, or if you want to invest more than the annual limit for E Bonds, ask at any Federal Reserve Bank or Branch about these new bonds:

**SERIES H.** A new current income bond, available in denominations of \$500 to \$10,000. Sold at par. Matures in 9 years 8 months and pays approximately 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Annual limit, \$20,000 maturity value. Issued only by Federal Reserve Banks and Branches and at the Treasury.

**SERIES J.** A new 12-year appreciation bond, available in denominations of \$25 to \$100,000. Sold at 72% of par value. Pays 2.76% compounded semiannually if held to maturity. Annual limit, \$200,000 issue price jointly with Series K Bonds.

**SERIES K.** A new 12-year current-income bond in denominations of \$500 to \$100,000. Pays interest semi-annually by Treasury check at the rate of 2.76% per annum. Sold at par. Annual limit, \$200,000 issue price jointly with Series J Bonds.

INVEST MORE IN DEFENSE BONDS!**

## Rev. Fred L. Martin New Head Winter Haven Optimists

For the first time in Winter Haven history clergymen have been elected to the two top offices in a civic organization.

The Optimist Club at its first anniversary meeting elected The Rev. Fred L. Martin, pastor of Beymer Memorial Methodist Church in Winter Haven to the presidency, and The Rev. August Bernthal, pastor of Grace Lutheran Church, as first vice president.

(Editor's Note: Folks in the Pahokee-Canal Point neighborhood could have told Winter Haven Optimists a long time ago that Rev. Fred L. Martin was presidential timber. During the years he pastored the Methodist church in Pahokee he was an ardent civic worker and one of the outstanding leaders in the community in Red Cross drives and other work for the betterment of the area.)

## New Clubhouse For Hialeah Race Track

MIAMI — Construction of Hialeah's new two-million-dollar clubhouse now under way, will add considerable next winter to the track's attendance and mutual handle—increases which will mean more revenue to Florida counties and old age assistance—it was confirmed here this week by Hialeah General Manager Sam H. McCormick.

With the lifting of restrictions early this year, Hialeah was able to proceed full speed with plans which have been ready since the spring of 1950. Demolition of the old building was started March 4 immediately after the close of the meeting. Pouring of foundations is now under way, and contractors will start the erection of steel shortly.

Seating more than 5,000, the new clubhouse will triple the capacity of the old one in the handling of both crowds and mutual play. This is important news for all Florida since Hialeah is the largest producer of racing revenue for the state, and in the eight years since the war has turned over \$36,073,594 in taxes for the counties and old age assistance.

The new building will be the same charming French chateau architecture that has made Hialeah a world-famous attraction the year round. There will be three main levels, with mutual facilities located on the lower and main levels with the upper level used for dining. There will be a pair of escalators between each level, as well as four elevators. Still other improvements will be made this summer to enable Hialeah to produce maximum state revenue. In-

cluded will be the construction of a new clubhouse entrance, enlargement of clubhouse parking facilities, and alterations of the grandstand mezzanine.

Because of the major construction, it has been necessary to close the park to sightseers.

## All Florida Festival At White Springs

LIVE OAK—"Don't ever think that folklore is staid and sissy," says Sarah Gertrude Knott, director of the Stephen Foster Memorial All Florida Folk Festival. "Folk stories, songs, dances and handicraft developed as answers to body and spirit needs. Weaving, whittling and whistling all have a part in our biography."

"What have you in your community to offer for possible presentation at the festival? Search it out and let us know. We need your help and your ideas."

Miss Knott will be in Florida in April for on-the-spot direction of the All Florida Festival which will be presented at the Memorial at White Springs in May of this year. In the meantime she asks for action on the part of interested Floridians, individuals and groups, and she requests that information be sent to her at 4140 Washington, St. Louis 8, Missouri.

Further local information can be obtained by writing the Stephen Foster Memorial All Florida Folk Festival Association, Live Oak, Florida. Both Governor McCarty and former Governor Cary A. Hardee are members of the association. J. L. McMuller, past State Jaycee President, heads the association.

## Would Ask Tags Be Used Twice

ORLANDO—The State of Florida spends \$70,000 a year and uses 356 tons of steel making license tags for automobiles. The Florida State Retailers Association thinks it would be smart to simply use a windshield sticker showing renewal as a number of other states are doing and save this vital defense material and, at the same time, save taxpayers the \$70,000.

We would simply retain our present tags on our cars for another year being authorized to do so by the purchase of the windshield sticker which would serve as a renewal certificate. The Florida State Retailers Association is sending a memorandum to the state cabinet suggesting the plan which it hopes will meet with general public approval.

Mr. and Mrs. R. Cochran of West Palm Beach and Mr. and Mrs. Richards of Richmond, Va., visited friends here the past week.
